ROOKIES—Two first-year professionals with the Los Angeles Blades hockey club are Goalie Jack Norris, left, and Forward Maurice Offebro. Both hail from Saskatchewan and both will see action at the Sports Arena Wednesday, Dec. 11, and Friday, Dec. 13, against the Vancouver Canucks in Western Hockey League action.

AFS Seeks Area Homes

Families interested in applying for the 194-65 foreign students may now do so, according to Mrs. Mary Bartholomew, Home Placement chairman for the Torrance Chapter, American Field Service.

The students are from 16 to 18 years of age; members of the Senior class; selected for personality, adaptability, leadership, and having a working knowledge of English; and represent 62 countries.

Requirements for an applying family are: 1) a sincere desire to have a student and to treat him as a member of your family, 2) a child of your own in high school (grade doesn't matter) 3) a non working mother or one who will be home at the same time the student arrives home from school 4) a bed of his own although he may share a room, and 5) the youngest parent be at least 37 years of age.

A.F.S. provides the student with a \$14 per month allowance, and the family is responsible for room and board. They arrive in August and remain until the following June.

Those interested or who would like more information may contact Mrs. Bartholomew, FA 8-7057; Mrs. Joseph Dock, president, FR 8-6063; or the counseling office at each high school.

Twenty-three students from 16 countries have attended Torrance high schools. The countries are Spain, Denmark, Belgium, Norway, Indonesia, Argentina, Brazil, Germany, Greece, Uruguay, Finland, France, Sweden, Switzerland, South Africa, and Italy.

Scientists Gaining in Research

"Scientists working on leukemia are rapidly uncovering leads with such promise that many believe this form of cancer may be the next to be brought under control."

"This encouraging fact was reported by Dr. Richard J. Lescoe, Centinela Valley-South Bay District Education chairman for the American Cancer Society. The report was made recently to a group of local Cancer Society volunteers.

Dr. Lescoe stated that research supported by the American Cancer Society, by the government's National Cancer Institute and others has brought science within striking distance of the leukemia problem.

"Recent advances have made possible the diagnosis of leukemia in its very early stages, before other symptoms appear. Since early diagnosis is significant in the cure of other forms of cancer, much hope lies in this approach," the local physician reported.

Some 14,000 Americans, 2,500 of them children, will lose their lives to his cancer of the blood-forming organs in 1964. The American Cancer Society is currently devoting more funds to research on leukemia and leukemia-related projects than it spends on any other form of cancer.

The number of anti-leukemic drugs in use today is large and increasing. Compounds found effective now prolong the lives of leukemia patients for months and in some cases, years. Science is still seeking new and better drugs which will destroy the cancers without harming the patients.

Men Severely Burned in Area Trailer Fires

Two Carson area men are recovering today from burns suffered in two separate weekend house trailer fires.

Paul Kelly, 27, of 21104 S. Normandie Ave., sustained first and second degree burns on the face and hands in his flaming trailer. Another occupant, Sam Mose, 22, re-entered the trailer to rescue him. Mose said Kelly apparently became confused as he tried to dash through the fire.

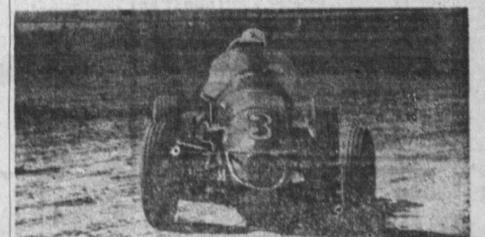

Kelly was treated at Harbor General Hospital. Clarence Walker, 51, of 1100 E. Louise Ave. received a severely burned hand as he kicked a blazing butane tank out of his trailer moments before it exploded.

Carson Street Light Hearing Is Scheduled

The Board of Supervisors will hold a public hearing Dec. 19 on petition of Carson area residents to install six street lights on four streets in the area.

Supervisor Burton W. Chace said the hearing will be held at 9:30 a.m. in the Board Room to determine possible annexation of Tract 24941 to the Dolores Light-District.

Approval of the petition would result in installation of six 4,000-lumen lights on new steel poles on Dolores Street and Ronan, Enola and Gulf Avenues.

HOGLE'S BACK—and Western Speedway's got him. 1963 California Racing Assn. champion will be among top favorites in Sunday afternoon's (Dec. 15) eight-race, 30-lap CRA speedfest at the 139th and Western Ave. Gardena high-banked, dirt third-mile oval. Also favored is veteran Allen Heath of Northridge and Lakewood's Bob Coulter.
